TESA Hotel i-locker

Hassle-free digital security for cabinets and lockers

Convenient, wire-free digital control of your lockers

ASSA ABLOY's new TESA Hotel i-locker delivers smart, scalable security for lockers, drawers, and cabinets. The i-locker offers intelligent, online-managed control both for guests and staff, giving users peace of mind and reducing time spent managing or replacing keys. It's a simple step that makes your hotel more digital, more secure, and more seamless than ever.

Use it as a standalone solution for a suite of lockers, or make it part of your full TESA Hotel installation

The next generation of wireless lockers

Innovative design

- Range of models: fits multiple locker sizes, widths, cams and formats
- Easy to use: lock with a tap, identify occupied lockers at a glance
- Intuitive operation: LED indicator and buzzer provide visual and audible alerts for conditions such as locked status, low battery, intrusion, incorrect cam position, and more
- Robust and reliable: engineered for performance and compliance
- Energy efficiency: designed for high autonomy with standard batteries

Streamlined experience

- Fast to fit: install without cables, wires, or damage to existing lockers
- Scalability on demand: a TESA Hotel Hub can connect up to 60 lockers
- UX excellence: wireless notification with assigned locker streamlines use
- Multiple credential options: lock and unlock via smartphone or RFID credentials

Intelligent security

- Your choice of modes: select Free or Assigned mode to match your needs
- Real-time information: manage remotely so you always know what's happening
- One firmware: all management options in one device, simplifying maintenance
- Reduced theft: high-quality engineering, digital attack resistance without key hassles

Your hotel, your i-locker

Where i-locker can make the difference

Designed for places like:

- Spa / Wellness
- Gym
- Back Office
- Ski storage rooms

Choose your credential format and the technology you prefer: RFID or mobile

Unlock convenience: Free mode via card or smartphone

In Free mode, users can claim any available locker with a card or phone. The Openow app shows the locker number instantly, while reserved lockers display a red LED for easy identification. Perfect for SPA/Wellness, gyms, ski lockers or staff lockers.
