

AH120 Door handle

Long plate version

Elevate your interiors with the AH120 range of door fittings – the perfect fusion of sleek, contemporary design and superior functionality.

Engineered for intense use and guaranteed to stay securely in position, resisting loosening even after years of use.

Design and style

AH120 handles are crafted for contemporary spaces and are ideal for clients looking for modern, clean lines. This design focus differentiates them from more traditional or ornamental hardware solutions.

Robustness

Designed for commercial environments where resilience is essential, the AH120 range distinguishes itself through proven durability and high-quality finishes.

Premium Materials

Constructed from high-grade AISI 304 stainless steel with a finely brushed finish for a sophisticated look with independent EN1906 certification, ensuring top-tier performance.

EN 1906 Grade 3 & 4

Our levers deliver durability, strength and corrosion resistance. Grade 3 suits high-frequency commercial use, tested to 200,000 cycles with an 800 N strength rating. Grade 4 is ideal for high-traffic areas such as schools and hospitals, offering enhanced strength (1000 N) for higher security needs.

Long plate lever rosettes

Spring-loaded levers, securely mounted on stainless steel construction

Concealed fastening cover rosettes

Plate dimensions: 229 mm x 44 mm x 6.5 mm

Lever diameter: 19 mm

Lever insert material: Brass

Equipped with $\varnothing 7$ mm fastening pins

Stainless steel AISI 304, finely brushed

Supplied with 8 mm HESO spindle and M4x60 screws (adjustable)

Standard: EN1906:2012

* Available with WC72 & WC78, Grade 3, stainless steel versions

2-year warranty

Technical specifications

Technical data and features								
Product properties								
	Model	L-shape, L90-shape and U-shape levers on long plate						
	Application	38 - 54 mm						
	Function escutcheons	PC72 WC72/WC78						
	Construction	Lever fixed on long plate Spring loaded lever						
	Material	Stainless steel AISI 304						
	Finish	Finely brushed or black powder coated						
	Fixation	M4 bolt through screws, 38 mm mounting distance Invisible clip-on system for long plate						
	Spindle	8 mm x 120 mm HESO spindle for secure attachment						
	Includes	2 pcs cut of M4 screws and nuts, 1pcs spindle, 1pcs 3 mm allen key, 9 mm spindle adaptor*						
Certification								
	Grade 3 EN1906-2012 compliance							
	Category of use 3	Durability 7	Door mass -	Fire resistance 0/B1	Safety 1	Corrosion resistance 3	Security 0	Type of operation B
	Grade 4 EN1906-2012 compliance							
	Category of use 4	Durability 7	Door mass -	Fire resistance 0/B1	Safety 1	Corrosion resistance 3	Security 0	Type of operation B
Lever variants available								
	Levers	L-shape				•		
		L90-shape L90-curved shape				• -		
		U-shape cranked U-shape				• -		
		Diameter				19 mm		
Available finishes								
	Color	Brushed stainless steel				•		
		Black powder coated				•		
Escutcheon variants								
	Version	PC72				•		
		WC72/WC78				• •
