your small to medium sized customers

**ASSA ABLOY**  
Opening Solutions

The global leader in  
door opening solutions

**Faster  
than ever**

Now locksmiths can deliver  
electronic locking systems  
directly from stock

## CLIQ Express at a glance

### Key Features

- Create CLIQ systems and extend existing ones
- Allocate a name and other information to the keys and cylinders
- Create CLIQ Go systems
- Define and program access rights
- Publish the systems to the cloud
- Setup multiple CLIQ Express users with various access rights within the software

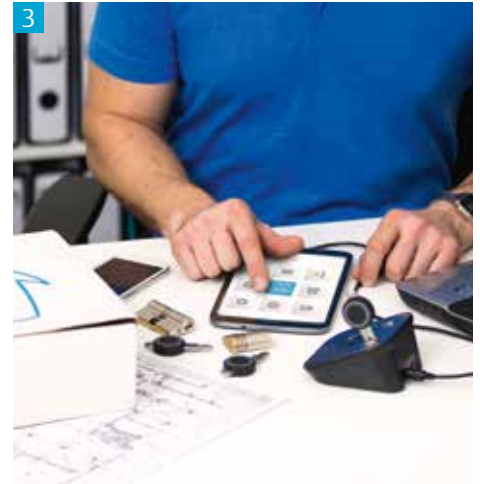

# CLIQ Express is the fast and future-proof way to support your small to medium sized customers

1 Your customer wants to expand the system and needs additional keys and cylinders.

2 There is just one mechanical key profile for all systems, so you can keep keys and cylinders in stock.

3 Simply program keys and cylinders using the cloud-based CLIQ Express.

4 Your customer can view the additional keys and cylinders in CLIQ Go straight away.

5 Deliver the products directly to the customer. CLIQ Express enables you to offer quicker and more efficient services.

6 Cylinders are quick and easy to install with no wiring at the door.

# How does it work?

**In stock!**  
One mechanical key profile for all systems – keep keys and cylinders in stock and deliver on demand

As an optional service, you can manage your customers via CLIQ Go.

The end user hand out keys and define access rights via CLIQ Go. As a convenience, CLIQ Go is both available as a web site and a mobile phone app to suit the end user's needs

Hand over the keys and install the cylinders in the doors

Key holders can later on easily update their key using CLIQ programming devices. CLIQ Connect keys can even be updated via a mobile phone app making access management quick and easy.

## What do your customers want?

### Quicker and efficient services

CLIQ Express is a software developed for locksmiths to create and extend CLIQ systems. With CLIQ Express it is possible to quickly and easily setup a new CLIQ customer and serve existing ones.

Creating new customers is fast. Just fill in the customer details, add keys and cylinders and program them. All from the locksmith shop.

Publish the customers' system to the cloud via CLIQ Express.

Expanding existing customers' system is quick and easy. Keys and cylinders in stock are already marked to make it even easier.
