Truly global and uniquely local

We are a global company with a uniquely decentralized business model that enables us to quickly meet and deliver on customer needs. Our local business units know local standards inside-out and optimize resources and products according to the local conditions and demand.

The **regional divisions** manufacture and sell mechanical and electromechanical locks, digital door locks, cylinders and security doors, adapted to the local market's standards and security requirements.

The **global divisions** manufacture and sell access solutions, identification products and entrance automation in the global market. * Includes Global Solutions and HID Global.

Meet our brands

Our brands play an important role in building trust, loyalty and differentiation.

ASSA ABLOY is our employer brand and the main brand for commercial openings and entrance automation.

To reach all our stakeholders, we have also other endorsed and standalone brands, that all together add up to about 190 brands globally.

ASSA ABLOY in your daily life

ASSA ABLOY's products and solutions can be found in your home, at work or school, when you shop or travel. Some products are readily visible like keys, locks and doors, while other products are embedded in solutions such as e-passports and identity solutions.

- 1 Automatic sliding doors
- 2 Mechanical and electromechanical key systems as well as software and solutions for access control, such as employee ID cards
- 3 Offering service, maintenance and upgrading of automatic entrances and loading docks to enable a more seamless customer experience
- 4 Bollards and other safety devices protect pedestrians from motor vehicles.
- 5 Mobile keys, physical access control systems including readers and controllers are used to manage access in the building.
- 6 Electromechanical locks, security-rated doors, frames and delivery lockers work together with physical access control systems, including readers and controllers to manage access and package deliveries.

ASSA ABLOY in your daily life

ASSA ABLOY's products and solutions can be found in your home, at work or school, when you shop or travel. Some products are readily visible like keys, locks and doors, while other products are embedded in solutions such as e-passports and identity solutions.

- 7 Solutions for multi-family buildings, ranging from mechanical locks to sophisticated, customized access control systems such as digital door locks that can be easily opened using a code or a mobile app.
- 8 High-security fences and gates protect against unauthorized entry to the premises.
- 9 For the hospitality industry, our offerings include mobile access solutions, access management systems, staff safety, in-room safes and energy control.
- 10 With mobile access, hotel guests can book a room directly from their smartphones. Secure Seos technology then sends a digital key to the guest's mobile phone, and the digital key will be deleted upon check-out.
- 11 Revolving doors create spacious entrances and are ideal when climate control is a priority. Side doors are added for increased accessibility and faster evacuation.
- 12 Garage doors, bars and gates are safe and simple to connect to the building's access control system.

We are guided by our
values

Our core values

Our core values are the backbone of how we treat each other and how we work with our stakeholders. With our values, we want to make it clear what our organization stands for. The values foster a sense of security and trust as well as a feeling of fellowship and cooperation. They guide us in our daily decisions and inspire us to act, enabling opportunities for all employees to grow and develop.

This is reflected through “Together We” – a culture initiative throughout ASSA ABLOY.

Empowerment

We have trust in people

Innovation

We have the courage to change

Integrity

We stand up for what's right

Our vision and mission

Vision

To be the global leader in providing innovative access solutions that help people feel safe and secure so that they can experience a more open world

Mission

- Building sustainable shareholder value
- Providing added value to our customers, partners and end-users
- Being a world leading organization where people succeed
- Conducting business in an ethical, compliant and sustainable way

We are committed to leading our industry towards a more sustainable future

- Sustainability as we see it at ASSA ABLOY, includes concern for the environment; sustainable products; health and safety; social responsibility, and business partner compliance.
- We create customer value by developing products that are efficient and have less impact on the environment. This can be seen in products that harvest energy, are easier to recycle, or help reduce the energy consumption of buildings.
- Our vision to help people experience a safer, more open world tells us where we are headed. And we need sustainability to get there.

Working at ASSA ABLOY

Our promise to you

Always growing

We are a large and evolving group, where customers are at the heart of decision making. We have trust in and empower our people. This gives tremendous opportunities for personal growth.

Never boring

At ASSA ABLOY, we never stand still. Every day, we contribute to society by helping people feel secure and experience a more open world. We are innovators, using the latest technology to transform our industry. As individuals, we have the courage to change.

Leading right

We are a leader and a role model in our industry. We believe that great things can be achieved by being respectful and telling it like it is. We recognize results and listen to the people around us. We seek people with integrity who, just like us, stand up for what's right.

Our benefits

We offer our people a vast range of training in different skills and aptitudes - both face-to-face and online, and through podcasts, blogs and videos. Our collaborative approach and focus on individual development go on to support that learning every day.

We always give internal applicants priority for open roles. If they need some support to get to that level, through training or mentoring, we offer it.

We know leadership development is an ongoing process, so we run several of programs for managers, to support them on that path.

Locally you will also benefit from numerous benefits.

Our people

Our people regularly move between roles, business areas and divisions right where they are: to develop seniority, broaden their experience or dig deeper into their area of expertise.

Our people have made us the world leader in access solutions. Our products, services and technologies manage access to everything from hospital labs and hotel rooms to garden gates and government ID.

What part could you play in keeping the future in safe hands?
