Technical drawing of Detail A, a mechanical component. The drawing shows a side view of the component with various dimensions and labels. The overall width is 93. The overall height is 168.5. The component features a central circular feature with a diameter of $\phi 14$. There are four circular features with diameters of $\phi 6$ and $\phi 8$. A central circular feature has a diameter of $\phi 8$ and a square feature with a side length of 8. The drawing also shows a rectangular feature with a width of 60 and a height of 10.5. The overall height is divided into sections of 22, 35, 15, 6, 35, and 30. The overall width is divided into sections of 60 and 33. The drawing includes a scale of 1:2 and the text "DETAIL A".

[illegible]

Technical drawing of a mechanical assembly, showing two views: a side view (left) and a front view (right).

Side View (Left): A long, thin component with three horizontal sections. The dimensions are labeled as 14.5, 16.5, and 14.5.

Front View (Right): A circular component with a central rectangular feature. A dimension of 6.5 is indicated at the top. A small circular detail is labeled B.
