

# Primo Readers

Built for convenient security and control

# Security that looks as good as it performs

*Sleek, modern range, complementing any setting – ideal for organizations seeking mobile credential convenience alongside robust security*

The Primo Reader range delivers flexible, future-ready access control across five purpose-built models – from sleek mullion readers for modern interiors to rugged units for harsh outdoor environments. Supporting a broad range of credentials, including different mobile options, it offers the freedom to choose without vendor lock-in and to scale cost-effectively as your needs evolve.

**Designed for seamless integration with Primo software and interoperability with supported third-party systems, Primo Readers deliver advanced security alongside simple deployment and management.**

## Mobile freedom

Flexibility to choose between mobile credential providers – no vendor lock-in, no unnecessary licensing costs

## Advanced security

OSDP AES-128 encryption and secure element hardware protect every transaction against cloning and unauthorized access

## Reliable performance

IP65 / IK08 rating as standard across all models and IP66 / IK10+ for the dedicated harsh environment reader

## Easy management

Remote setup via Primo software eliminates manual on-site programming, from single-door to enterprise-wide rollouts

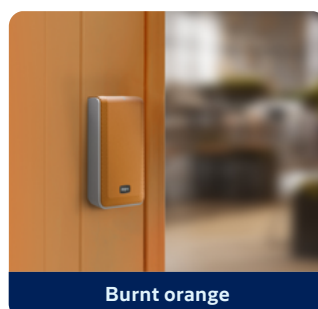

## Flexible access control, designed to fit anywhere

The Primo Reader range is ideal for both single corporate sites and multi-site enterprise environments. It is suited to offices, high-end residential estates, industrial facilities, and harsh outdoor conditions. Available with or without keypad, the range suits both simple and advanced access control requirements.

Engineered with aesthetics in mind, Primo Readers have a modern design that blends seamlessly with contemporary architectural environments. Available in multiple colours, it provides a visually appealing access control solution which complements any setting.

*Choose from a range of colours to match your interior*

# Make your access ready for what's ahead

*Digital with confidence*
