

ASSA ABLOY remuneration report 2024

Introduction

This remuneration report describes how ASSA ABLOY AB's guidelines for remuneration to senior executives were applied in 2024. The latest version of the remuneration guidelines was adopted by the 2022 Annual General Meeting. The report also provides information on remuneration to the company's President and CEO ("**CEO**") and a summary of the company's outstanding and during the year completed incentive programs. The report has been prepared in accordance with Chapter 8, Sections 53 a and 53 b of the Swedish Companies Act (2005:551) and the Swedish Stock Market Self-Regulation Committee's *Rules on Remuneration of the Board and Executive Management and on Incentive Programs*.

Information required by Chapter 5, Sections 40-44 of the Annual Accounts Act (1995:1554) is available in note 35 (*Employees*) on pages 139–141 in the company's annual report for 2024 (the "**Annual Report 2024**").

Information on the work of the Remuneration Committee in 2024 is set out in the corporate governance report available on pages 50–59 in the Annual Report 2024.

Remuneration of the Board of Directors is not covered by this report. Such remuneration is resolved annually by the Annual General Meeting and disclosed in note 35 (*Employees*) on page 139 in the Annual Report 2024.

Key developments 2024

The CEO summarizes the company's overall performance in his statement on pages 4–5 in the Annual Report 2024.

ASSA ABLOY's remuneration guidelines: scope, purpose and deviations

With the objective that ASSA ABLOY shall continue to be able to recruit and retain competent employees, the basic principle being that remuneration and other employment conditions shall be offered on market conditions and be competitive. The remuneration guidelines enable ASSA ABLOY to offer senior executives a total remuneration that is on market conditions and competitive. Prerequisites are thereby established for successful implementation of the Group's business strategy as well as safeguarding ASSA ABLOY's long-term interests, including its sustainability. Under the remuneration guidelines, the total yearly remuneration to the senior executives shall be on market conditions and be competitive and also reflect each senior executive's responsibility and performance. The total yearly remuneration shall consist of fixed base salary, variable cash remuneration, pension benefits and other benefits. The variable cash remuneration shall be linked to predetermined and measurable financial targets and can also be linked to strategical and/or functional targets individually adjusted on the basis of responsibility and function. These targets shall be designed so as to contribute to ASSA ABLOY's business strategy and long-term interests, including its sustainability, by for example being linked to the business strategy or promote the senior executive's long-term development within ASSA ABLOY.

The remuneration guidelines are found in note 35 (*Employees*) on pages 139–141 in the Annual Report 2024. During 2024, the company has complied with the applicable remuneration guidelines adopted by the General Meeting. No deviations from the remuneration guidelines have been decided and no deviations from the procedure for implementation of the remuneration guidelines have been made. The auditor's report regarding whether the company has complied with the remuneration guidelines is available on the company's website www.assaabloy.com/group/en. No variable remuneration has been reclaimed.

In addition to remuneration covered by the remuneration guidelines, the Annual General Meetings of ASSA ABLOY AB have resolved to implement share-based long-term incentive programs (“**LTI**s”) and on remuneration to the Board of Directors.

Share-based remuneration

Outstanding and completed incentive programs in 2024

ASSA ABLOY has three outstanding share-based long-term incentive programs (LTI 2022, LTI 2023 and LTI 2024) for senior executives and other key employees in the Group that have been resolved at Annual General Meetings (2022-2024). In April 2024, vesting of the 2021 share-based long-term incentive program (LTI 2021) took place.

For each Series B share acquired by the CEO within the framework of LTI 2021, LTI 2022, LTI 2023 and LTI 2024, the company has awarded six performance-based share awards. For each Series B share acquired by other members of the Executive Team, the company has awarded five performance-based share awards. For other participants, the company has awarded four performance-based share awards. Each performance-based share award entitles the holder to receive one Series B share in the company free of charge three years after the award date, provided that the holder, with certain exceptions, at the time of the release of the interim report for the first quarter 2024 (LTI 2021), first quarter 2025 (LTI 2022), first quarter 2026 (LTI 2023) and first quarter 2027 (LTI 2024) is still employed by the Group and has maintained the shares acquired within the framework of the respective long-term incentive program. In addition to these vesting conditions, the number of performance-based share awards that entitle the holder to Series B shares in the company depends on the annual development of ASSA ABLOY’s earnings per share based on the target levels, as defined by the Board of Directors, during the applicable measurement period: 1 January 2021 – 31 December 2023 (LTI 2021), 1 January 2022 – 31 December 2024 (LTI 2022), 1 January 2023 – 31 December 2025 (LTI 2023) and 1 January 2024 – 31 December 2026 (LTI 2024), where each year during the applicable measurement period is compared to the previous year. The outcomes are calculated yearly, whereby one third of the performance-based share awards is measured against the outcome for the first year in the measurement period, one third is measured against the outcome for the second year in the measurement period and one third is measured against the outcome for the third year in the measurement period. The outcome for each year is measured linearly. Unless the minimum target level in the interval is achieved for the year, all of the relevant performance-based share awards will lapse. If the maximum target level in the interval is

¹ Variable remuneration earned 2024 and paid in 2025.

² Multi-year variable remuneration is defined as the company’s personnel cost, excluding social charges, related to the CEO for all the existing long-term share incentive programs (LTIs) for the current year (i.e. IFRS2 cost).

achieved, each performance-based share award linked to the relevant year entitles the holder to one Series B share at the end of the three-year vesting period provided the other vesting conditions are met.

In accordance with the terms of LTI 2021, LTI 2022, LTI 2023 and LTI 2024, employees have acquired a total of 617,786 Series B shares in ASSA ABLOY AB. The CEO, Nico Delvaux, has acquired 11,077 Series B shares in LTI 2021, 12,835 Series B shares in LTI 2022, 13,770 Series B shares in LTI 2023 and 12,321 Series B shares in LTI 2024.

The performance-based condition was fulfilled to 100 percent for LTI 2021. Fulfilment of the performance-based condition for LTI 2022, LTI 2023 and LTI 2024, respectively, is intended to be presented in the annual report for the financial years 2024, 2025 and 2026, respectively.

The total number of outstanding performance-based share awards for LTI 2022, LTI 2023 and LTI 2024 amounted to 2,055,687 on the reporting date of 31 December 2024.

Fair value is based on the share price on the respective award date. The present value calculation is based on data from an external party. Fair value is also adjusted for performance-based share awards not expected to be realized at the end of the vesting period of the respective program. The company further assesses the probability of the performance targets being met when calculating the compensation expense. The fair value of ASSA ABLOY's Series B share on the award date for LTI 2024, 13 June 2024, was SEK 311.30. The fair value of ASSA ABLOY's Series B share on the award date for LTI 2023, 9 June 2023, was SEK 255.90. The fair value of ASSA ABLOY's Series B share on the award date for LTI 2022, 2 June 2022, was SEK 242.70. The fair value of ASSA ABLOY's Series B share on the award date for LTI 2021, 9 June 2021, was SEK 259.86.

The total cost of LTI 2021-LTI 2024 excluding social security costs and financing costs amounted to SEK 93 million in 2024.

In April 2024, vesting of LTI 2021 took place equivalent of 363,694 Series B shares at a total market value at the time of vesting of SEK 112 million. Please see Tables 2 and 3 b for details regarding the CEO, Nico Delvaux.

³ Measurement period.

⁴ All performance awards are granted at the launch of the relevant program.

⁵ All performance awards remain unvested until the relevant Vesting Date. To make the participants' interest equal with the shareholders' the company will compensate the participants for distributed dividend during the vesting period ((i.e. until the relevant Vesting Date) by increasing the number of Series B shares that each performance award gives right to after the vesting period for the relevant program. Hence, the final number of Series B shares received at vesting will be adjusted at the time of vesting.

⁶ Neither the performance awards nor the Series B shares received upon vesting are subject to post-vesting retention.

⁷ Compensation included for distributed dividend during the vesting period.

Application of performance criteria

The performance measures for the CEO's variable remuneration have been selected to deliver ASSA ABLOY's business strategy and to encourage behavior, which is in ASSA ABLOY's long-term interest, including its sustainability. In the selection of performance measures, the strategic objectives and short-term and long-term business priorities for 2024 have been taken into account. Please refer to page 149 (*Definitions of key ratios*) in the Annual Report 2024 for a general description of financial performance measurements.
