Unlock your career potential...

A man in a brown button-down shirt is gesturing with his right hand towards a red robotic arm. The arm is mounted on a black base and has a red and black articulated joint. In the background, there is a computer monitor and a clock on the wall. A woman in a white shirt is partially visible on the right side of the frame.

More about us

The ASSA ABLOY Group is the global leader in access solutions. Our offering covers products and services related to openings, such as locks, doors, gates and entrance automation solutions. This also includes expertise in controlling identities with key cards, tags, mobile and biometric identity verification systems.

Everyday, ASSA ABLOY helps billions of people experience a more open world through innovations that enable, safe, secure and convenient access to physical and digital places.

Within our UK and Ireland region, we are made up of multiple business units including some well-known global brands such as Yale, ABLOY and Mul-T-Lock.

Our Values

Empowerment

We have trust in people and believe that our people can achieve great things.

Innovation

We have the courage to change, we dare to innovate ourselves, our products and our industry.

Integrity

We stand up for what's right, we are straight forward, reliable, trust worthy and always keep our word.

Why choose us?

- Launch your career in a global organisation
- Gain hands on experience in the working world, be part of exciting new projects and drive innovation
- Continuous support and development opportunities
- Have an active role in our UK & Ireland Apprentice Network
- You're in charge, gain independence and manage your own work load

Don't just take our word for it...

Here's what some of our current apprentices have to say:

What do you enjoy the most about your apprenticeship?

I enjoy my monthly reviews where I can sit and self-evaluate my progress and receive constructive feedback from my assessor and line manager. I also enjoy being able to promote apprenticeships to young people with the help from my training provider and ASSA ABLOY.

How has your apprenticeship helped with your future career aspirations?

My apprenticeship has given me a good foundation to work upon, I have been able to learn from colleagues who have worked for ASSA ABLOY for over 40 years. I have also been at college for the last 4 years and this has allowed me to meet so many different people and to see the different places they have been and that gives me a lot of motivation to move up within the company and take on amazing experiences.
