

Drop bolt (843G) 12- 24 V DC for securing gates, incl. strike

for securing gates

Product description

Electric drop bolt (model 843G) 12-24 V DC for securing gates, incl. strike

Scope of delivery

- 1 piece electric drop bolt with strike

Technical data

Input operating voltage	12-24 V DC
Rated operating voltage tolerance range	± 15 %
12 V starting current	1000 mA
24 V starting current	500 mA
12 V latching current	40 mA
24 V latching current	30 mA
Holding power	50000 N
Diameter lock deadbolt	18 mm
Lock bolt throw	30 mm
Length	150 mm
Width	80 mm
Height	80 mm
Installation position	Vertical and horizontally (closed downwards only)

Article number 843G-1-----Q41
