

HUSKY 120 PRO LOW HEADROOM

HENDERSON

DATA SHEET

Versatile and quiet, with the added benefits of concealed hardware, the Husky 120 Pro Low Headroom is ideal for creating wardrobe doors and room dividers with one or more wooden, wood framed or composite doors. Catering for doors weighing up to 120kg, the kit is designed to reduce the clearance between the track and top of the door by 2mm - making the hardware hardly visible.

Designed with ease of installation and adjustment as a priority, the system can be vertically adjusted to maximise door height.

Husky 120 Pro Low Headroom Kit Includes:

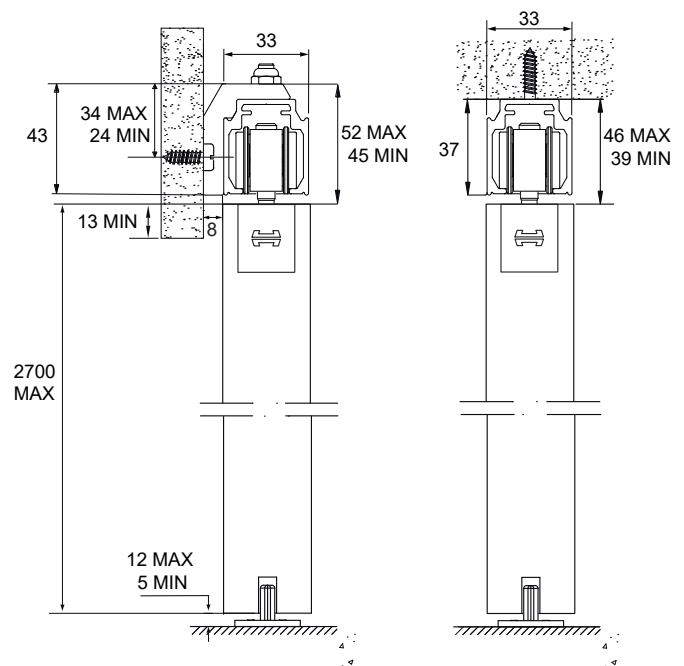

- Low Headroom Units
- Stops
- Low Headroom End Caps
- Allen Key
- Screw Pack

You will also need:

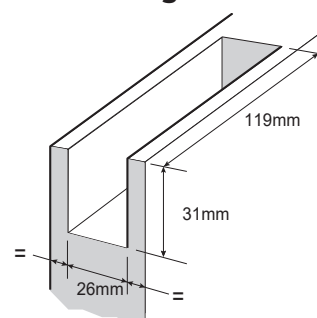

- Flush pulls and/ or handles
- Husky 120 Pro Track

Your kit can be enhanced with:

- Aluminium Guide Channel
- Roller Guides
- Soft Close (1x 284HPW required)
