## **ASSA ABLOY**

Generic Model: 212 & 224 Series

Type: Door furniture

#### 6. Relevant Building Code clauses:

- B2 Durability: Performance clauses B2.3.1(c) (i) and (ii)
- C3 Fire affecting areas beyond the fire source: Functional requirement C3.3
- C4 Movement to place of safety: Functional requirement C4.2
- D1 Access routes: Performance clauses D1.3.1 and D1.3.2 (b)

#### 7. Statement on how the building product is expected to contribute to compliance.

- B2.3.1(c) (i) and (ii): Successfully tested to confirm with Level D8 (500,000) cycles under Australian Standard AS4145.2-2008, locksets and hardware for doors and windows.
- C3.3 and C4.2: Successfully tested up to 4 hours with a fire rated Lockwood mortice lock on fire door assemblies (depending on type of doorset) in accordance with Australian Standard AS1905.1, Fire Resistant Doorsets.
- D1.3.1 and D1.3.2(b): Series includes levers and turns that meet the requirements of AS1428.1-2009, Design for access and mobility. Refer to the specifications for compliant models.

#### 8. Limitations on the use of the building product:

- Fixing screws to suit door thickness between 35 and 45mm. Note: 224 series maximum of 65mm. For thicker doors longer screws and spindles are available on application.
- Plates are designed to fit back-to-back. If outside plate is specified with concealed fixing, then the inside plate must be visible fixed.
- Certain lever designs are not compatible on short backset assemblies due to interference with the door stop. Refer to the backset suitability page at the end of this section.

## 9. Design requirements that would support the appropriate use of the building product.

Designed for use with Lockwood Selector 3770 and Synergy 3570 Series Mortice Locks; Latches and Push and Pull doors.

#### 10. Installation requirements

• Only use with supplied hardware and ensure the correct door and door hardware is used to ensure fire rating suitability.

#### 11. Maintenance requirements

- Refer to the online general maintenance guide: <a href="https://www.lockweb.com.au/au/en/contact-us/product-care-and-specification-service">https://www.lockweb.com.au/au/en/contact-us/product-care-and-specification-service</a>
- Only use with supplied hardware and follow all instructions.
- Clean the external surfaces with a dry cloth only or if required a dilute solution of a mild liquid detergent in warm water, do not use chemicals.
- Door alignment and maintenance is essential to maintain locking alignment and performance.

<b>12.</b>	Is the building product/building product line subject to warning or ban under
	section 26 of the Building Act 2004?

COCHOII EC OI HIC BU	namig / tot 2004 .	
Yes	No	
If yes, description of the v	varning or ban under section 26.	
N/A		

#### 13. Date

Date of document completion (day/month/year)
