1. Unique identification code of the product-type:

Brand	Yale
Model(s)	Resolute One Window Fasteners
Part Number / identifier	Resolute One
Bar code	N/A
Description/Type	Window Fastener
Production type	Batch or mass-produced products
NZ Building Product class	Class 1

2. Product description and its intended use(s)

Concealed multiple locking system which offers an effective and appealing window locking solution where more than one locking point is required.

Key Features:

- Four hole fixing base with screw covers to enhance aesthetic appeal
- Minimal routing required
- Easily installed
- The keeper and raised retainer arrangement creates a unique self-alignment feature which ensures that the sash is in the correct position before locking.
- Solid stainless steel lock pin offers a high resistance to external negative pressure
- The locking bar is manufactured from 304 grade austenitic stainless steel.
- Left and right handed, locking, non-locking and removeable handles available.
- Available in a range of powder coated finishes.

Applications:

- Awning and casement aluminium windows
- Various lengths available to suit different sized windows;
    - 300mm and 600mm lengths provide 2-points of locking
    - 900mm and 1300mm lengths provide 3-points of locking

6. Relevant Building Code clauses:

Standard	Clause(s)
	B2 Durability: Performance clause B2.3.1 (c) H1 Energy Efficiency: Performance clauses H1.3.1 (b) and H1.3.3 (c)

7. Statement on how the building product is expected to contribute to compliance.

B2.3.1 (c) Resolute One window fasteners are tested to exceed normal use over a 5year period and any failure of the fastener would be easily detected and is easy to replace.
H1.3.1 (b) The Resolute One window fastener(s) allows windows to be opened and sealed closed which helps limits any uncontrollable airflow.
H1.3.3 (c) The Resolute One window fastener(s) will allow the window sash to form a weathertight seal contributing to the airtightness of the building envelope.

8. Limitations on the use of the building product:

To be used to seal and ventilate windows only.

9. Design requirements that would support the appropriate use of the building product.

Refer to product-specific design instructions online:

10. Installation requirements

Refer to product-specific installation instructions online:

11. Maintenance requirements

N/A

12. Is the building product/building product line subject to warning or ban under section 26 of the Building Act 2004?

☐ Yes ☒ No

If yes, description of the warning or ban under section 26
