

The world's favourite lock

Sashlock for windows

The Sashlock is a robust surface mounted press-lock designed to help aluminium windows resist forced entry. Suitable for top hung and side hung sashes, the Sashlock incorporates a unique design that locks the window sash to the frame.

Features

- Easy to activate deadlock with Daylatch function
- High quality pressure die-cast construction with concealed fixing screws
- Packers available to allow the Sashlock to fit most designs of aluminium joinery
- Can be keyed alike to other ASSA ABLOY CYL4™ locks for one key convenience
- New Zealand made

Options

- Method of fixing options:
 - Face fix
 - Sub fix
- Available in a range of colours to complement any window design and finish
