

ASSA ABLOY P-MAX

ASSA ABLOY
Opening Solutions

A security product with new technology for homes

The global leader in
door opening solutions

Application area

ASSA ABLOY P-MAX is based on the new ASSA ABLOY P600 cylinder characterized by double tip pin technology together with a paracentric profile. It is a new way of thinking; the aim is to create a new standard cylinder used for single locking without compromising security.

The security of ASSA ABLOY P-MAX cylinder is high and the functionality is tested against various standards. ASSA ABLOY P-MAX is a patented cylinder series for high frequency use, suitable for residential and small to

medium business. ASSA ABLOY P-max series proprietary providing protection against unauthorized copying of keys.

Recommended use

- Private homes
- Small to medium business
- Frequent use
- Both indoor and outdoor use
- Designed to be used with existing security hardware on the market

Keys can be copied only by approved ASSA ABLOY dealer

Patented

The lock cylinder is using a new patented technology. The cylinder consists of 6 pins, each pin having 2 contacts surfaces interacting with the key that has 12 separate cuts.

Blue Registration Keytag

The keytag is needed together with one of the ordinary keys in order to make additional keys or cylinders to your house or business. Remember to store the Blue Registration Keytag in a safe place as it's not possible to produce any replacements keys without it.
