

The world's favorite lock

Entrance Handles

Entrance Handles

Yale Entrance Handles are constructed using the finest materials to incorporate the maximum standards in style, durability, finish and design.

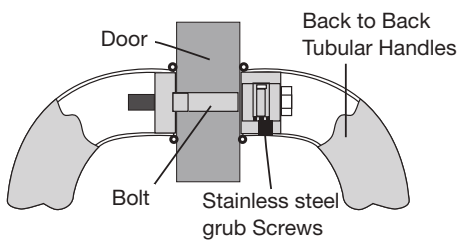

Style & Variety

- Combining fit for purpose with the epitome of style, the Yale Entrance Handles range represents a comprehensive collection of high quality back to back handles.
- Five designs, ranging from the classic to the contemporary, have been selected to compliment the evolving style requirements of both residential and commercial markets.

Application

Yale Entrance Handles are suitable for use on timber or aluminium frame as well as glass doors; making them the ideal choice for commercial, industrial and residential applications.

Multi Fix - Timber, aluminium or glass doors

Packaging For Various Doors

Each Yale Entrance handle comes supplied with spigots to suit 10 ~ 12mm thick glass doors as well as spigots to suit aluminium and timber doors up to 50mm thick.

Materials

All Yale Entrance Handles contained in this catalogue are of 304 grade stainless steel construction suitable for use in external environments.
